5.5	iirFilter.cpp File Reference	18
5.6	iirFilter.h File Reference	18

Chapter 1

Class Index

1.1 Class Hierarchy

This inheritance list is sorted roughly, but not completely, alphabetically:

Filter	7
firFilter	9
iirFilter	11

Chapter 2

Class Index

2.1 Class List

Here are the classes, structs, unions and interfaces with brief descriptions:

Filter	7
firFilter	9
iirFilter	11

Chapter 3

File Index

3.1 File List

Here is a list of all files with brief descriptions:

Filter.cpp	15
Filter.h	16
firFilter.cpp	16
firFilter.h	17
iirFilter.cpp	18
iirFilter.h	18

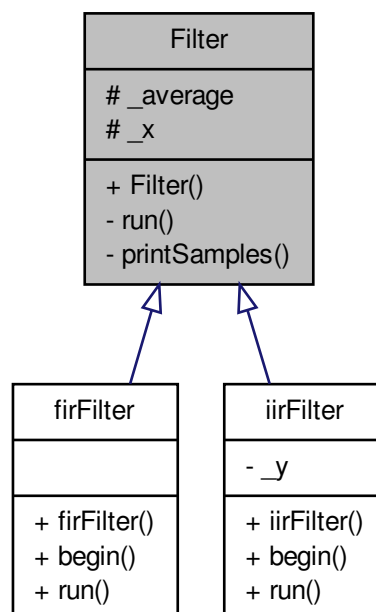

Chapter 4

Class Documentation

4.1 Filter Class Reference

```
#include <Filter.h>
```

Inheritance diagram for Filter:

Collaboration diagram for Filter:

Public Member Functions

- [Filter](#) ()
Constructor.

Protected Attributes

- int [_average](#)
- int [_x](#) [3]

Private Member Functions

- virtual int [run](#) (int data)=0
- void [printSamples](#) ()
printSamples: Print out some samples (for debugging)

4.1.1 Constructor & Destructor Documentation

4.1.1.1 Filter::Filter ()

Constructor.

SignalFilter - Library to [Filter](#) Sensor Data using digital filters Available filters: Chebyshev & Bessel low pass filter (1st & 2nd order)

References [_x](#).

4.1.2 Member Function Documentation

4.1.2.1 void Filter::printSamples () [private]

printSamples: Print out some samples (for debugging)

References [_x](#).

4.1.2.2 `virtual int Filter::run (int data)` `[private],[pure virtual]`

Implemented in [firFilter](#), and [iirFilter](#).

4.1.3 Member Data Documentation

4.1.3.1 `int Filter::_average` `[protected]`

4.1.3.2 `int Filter::_x[3]` `[protected]`

Referenced by [Filter\(\)](#), [printSamples\(\)](#), [firFilter::run\(\)](#), and [iirFilter::run\(\)](#).

4.2 firFilter Class Reference

```
#include <firFilter.h>
```

Inheritance diagram for `firFilter`:

Collaboration diagram for firFilter:

Public Member Functions

- `firFilter ()`
Constructor.
- `void begin ()`
Begin function: set default filter options.
- `int run (int data)`

Additional Inherited Members

4.2.1 Constructor & Destructor Documentation

4.2.1.1 `firFilter::firFilter ()`

Constructor.

4.2.2 Member Function Documentation

4.2.2.1 `void firFilter::begin ()`

Begin function: set default filter options.

4.2.2.2 `int firFilter::run (int data) [virtual]`

Implements [Filter](#).

References [Filter::_x](#).

4.3 iirFilter Class Reference

```
#include <iirFilter.h>
```

Inheritance diagram for iirFilter:

Collaboration diagram for iirFilter:

Public Member Functions

- [iirFilter](#) ()
Constructor.
- void [begin](#) ()
Begin function: set default filter options.
- int [run](#) (int data)

Private Attributes

- int [_y](#) [3]

Additional Inherited Members

4.3.1 Constructor & Destructor Documentation

4.3.1.1 iirFilter::iirFilter ()

Constructor.

References [_y](#).

4.3.2 Member Function Documentation

4.3.2.1 void iirFilter::begin ()

Begin function: set default filter options.

4.3.2.2 int iirFilter::run (int *data*) [virtual]

Implements [Filter](#).

References [Filter::_x](#).

4.3.3 Member Data Documentation

4.3.3.1 int iirFilter::_y[3] [private]

Referenced by [iirFilter\(\)](#).

Chapter 5

File Documentation

5.1 Filter.cpp File Reference

```
#include <Arduino.h>
#include "WProgram.h"
#include <pins_arduino.h>
#include <Filter.h>
```

Include dependency graph for Filter.cpp:

5.2 Filter.h File Reference

This graph shows which files directly or indirectly include this file:

Classes

- class [Filter](#)

Macros

- `#define __cxa_pure_virtual()`

5.2.1 Macro Definition Documentation

5.2.1.1 `#define __cxa_pure_virtual()`

5.3 firFilter.cpp File Reference

```
#include <Arduino.h>
#include <firFilter.h>
```

Include dependency graph for firFilter.cpp:

5.4 firFilter.h File Reference

```
#include <Arduino.h>
#include <Filter.h>
```

Include dependency graph for firFilter.h:

This graph shows which files directly or indirectly include this file:

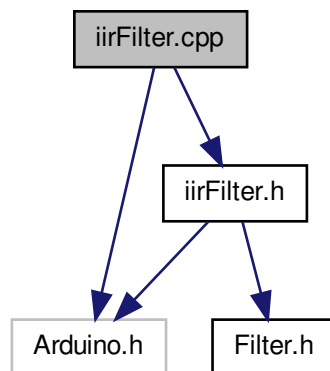

Classes

- class [firFilter](#)

5.5 iirFilter.cpp File Reference

```
#include <Arduino.h>
#include <iirFilter.h>
```

Include dependency graph for iirFilter.cpp:

5.6 iirFilter.h File Reference

```
#include <Arduino.h>
#include <Filter.h>
```

Include dependency graph for iirFilter.h:

This graph shows which files directly or indirectly include this file:

Classes

- class [iirFilter](#)
